The item carrying equalization payment to Creeks amounting to some \$2,500,000, making a total of \$8,000,000 to be distributed among these tribes during the present summer and coming fall.

The "State Use" amendment which prohibits the coal underneath the State penitentiary grounds from being sold in competition with free labor.

Charley Carter has given unqualified support to all war measures proposed by President Wilson, including the President's firm stand for the rights of the laboring man and the soldier.

Charley Carter's continuous service in Congress has been of sufficient duration to make him Chairman of the House Committee on Indian Affairs, which committee is of more importance to the State of Oklahoma than any other in Congress.

This experience has made of him a trained legislator, he knows conditions and understands the needs of the people.

Finally, he will stick at his post of duty until the last moment and must depend upon his friends at home for reelection.

## FROM MULBERRY

The big meeting started Saturday night with a large attendance, Bro. Boult of Durant conducting the services, Rev. Horn being absent.

The summer school began here Monday with 72 pupils enrolled.

Miss Fannie Belle Hulsey arrived Saturday to act as the assistant teacher of the Mulberry school.

Ross Allen went to Woodville last Saturday.

George Redding, wife, son, and friends were out at his farm Sunday afternoon.

Mrs. Enochs and daughter from Durant were visiting Miss Ethel Talley.

Mrs. Hammonds, Mrs. McKinney, Mr. Townend, Dr. Morrison, J. G. Todd, Rev. Boult, and R. H. Taylor were at the opening exercises of the school Monday.

Mr. and Mrs. Hamilton from the Williamson community, and their daughters, Mrs. Eunice Taylor, and Mrs. Stowe, from Dallas, attended church here Sunday night.

Are you keeping up with your W. S. assessment?

## FROM EXCHANGES

## Charley Carter Should be Re-elected to Congress

There are a lot of reasons why Charley Carter should be reelected to Congress from this district, and the News has prepared a list of some of his accomplishments for Oklahoma as listed below. Mr. Carter, as the Chairman of the Committee on Indian Affairs, has directed the following accomplishments during the present session of Congress:

Per capita payment of \$200 to Choctaws and Chickasaws, aggregating \$5,200,000, which consumes practically all Choctaw-Chickasaw tribal funds now held in trust by the Federal Government.

The act providing for the sale of the Choctaw-Chickasaw coal and asphalt deposits, which is the last legislation necessary for a complete settlement of tribal affairs.

The act vesting Oklahoma courts with jurisdiction for the determination of heirship and partition of all Members of the Five Civilized Tribes.

The transfer of jurisdiction from Washington to Muskogee for settlement and approval of all undisputed claims and agricultural land coal leases.

Amendment confining bank deposits of Oklahoma Indian funds to the State and National banks in Oklahoma only. This amendment will cause to be returned to the State of Oklahoma more than \$3,000,000, thereby increasing the volume of currency and reducing to lower rates of interest in our State.

The amendment authorizing Government bonds to be used as surety bonds for these funds.

The continuation of a competency commission to the Five Civilized Tribes until every competent Indian is placed on his own responsibility.

## ICE NOTICE

I deem it advisable to inform the people of Duran that it will be necessary for them to conserve the use of ice in every possible way.

The Consumers Light and Power Company is doing everything possible to keep up the capacity of the plant, but this is limited, and it is practically impossible to get ice from outside sources to supply them, and there is a general shortage of ice all over the country.

Therefore, I ask the people of Duran to conserve their ice as much as possible cooling water for drinking purposes in the refrigerator, and using no ice on their tables in any form.

O. L. SHANNON,

County Food Administrator
